Running Press, United States, 1999. Hardback. Book Condition: New. 232 x 167 mm. Language: English . Brand New Book. Featuring 300 full-colour photographs, this atlas provides an expert guide to visual diagnosis and management in paediatric medical and surgical emergencies. It offers a visual reference in the emergency department, or in the paediatric clinic where rapid diagnosis depends on accurate physical observations. Each chapter begins with a brief overview that offers a general discussion of the issues relevant to a particular type of emergency - including signs and symptoms and algorithms to aid differential diagnosis. Logically organized by body system or region, standardized chapter templates make information retrieval easier and provide illustrated descriptions of specific emergencies.
