Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Geodesy Primary Triangulation on the One Hundred and Fourth in and on the Thirty-Ninth Parallel in Colorado, Utah, and Nevada by William Bowie The primary object of this publication is to give the geographic positions, elevations, and descriptions of the main scheme, subsidiary and intersection stations determined by primary triangulation in the State of Colorado and northward, from the line Pikes Peak-Divide of the thirty-ninth parallel triangulation, approximately along the one hundred and fourth meridian to the Canadian border, and also similar data for the various stations of the thirty-ninth parallel triangulation which lie in the States of Colorado, Utah, and Nevada. The geographic positions are on the North American datum, and, as far as geographic purposes are concerned, they will probably not be changed. The geographic positions of stations of the thirty-ninth parallel within the States mentioned above, as given in Special Publication No.4 (The Transcontinental Triangulation), are superseded by the positions contained herein. That publication was issued before the adoption of the North American datum. The author desires to express his appreciation of the valuable services performed in the field and in the office by members of the Survey in connection with the one hundred and fourth meridian triangulation; also in the office work connected with the readjustment of the thirtyninth parallel triangulation in Colorado, Utah, and Nevada, and the preparation of the results for publication.1 Especial mention should be made of E.H. Pagenhart and C.V. Hodgson, who were in charge of the base measurements and triangulation observations; also of J.S. Bilby, who laid out the scheme and selected the stations in the field and then prepared the stations for the observing party....
