Once the student learns these high-frequency sight words, their reading fluency and literacy confidence will increase. Teacher notes: If the child has difficulty reading a word, the adult can use guided reading strategies to provide them with assistance. Eventually each student should be able to identify the high-frequency words through context and by seeing the beginning and ending letters of the word. The sentences provided do not only contain sight words. Students are not responsible for reading each sentence but are encouraged to use them for additional reading and tracing practice. The Trace and Write Sight Words workbook is a great carry-along tool for trips and short outings. Students should be encouraged to practice pointing to the words they are familiar with while reading them aloud. They should use their fingers to trace the letters of each word.
