Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The End of Money: Toward a New, World Economy under the Credit Unit System describes a viable replacement for the monetary system. Humanity has made incredible strides in so many areas - in computers, communications, medicine, the physical sciences, transportation, etc. - yet it continues to hold on to an economic system that has been in use for centuries. Money has changed in form and no longer entails just metal coins and paper currency, but also credit/debit cards, electronic money, etc. Even so, it is still age-old money dressed up in modern forms and it is keeping humanity from evolving into a society in which everybody is prosperous, thriving and happy. Under the Credit Unit System: 1) The monetary system and all forms of money are eliminated, as is everything connected with them: profits/losses; costs of production, distribution and consumption; wages; taxes; insurance; accounting and bookkeeping; financial institutions; stocks and bonds; economic cycles entailing inflation, deflation and stagflation; exchange rates; etc. There are no corporations or for-profit companies. There is no gulf between the rich and the poor. 2) All the basic material things needed for a prosperous life, such as food staples, total health care, basic housing, public transportation, utilities, basic clothing and basic education are freely provided to everyone. 3) All money-related crimes, corruption, exploitation and identity theft are eliminated. Moreover, money-caused marital problems, suicides and chemical addictions are eliminated. 4) Viable solutions that cost nothing can be implemented for climate change, pollution cleanup, food and water shortages, and all such dire problems. Individuals are compensated for their labor with Credit Units or CUs, which are units of value that are periodically issued...
