A disturbing and gruesome story of intrigue, suspense and murder. On the surface she appeared normal, well as normal as anyone can be. But look beyond her impassive facade and they were there, ever present, the spidery tendrils reaching deep into her very soul. His abuse was more mental than physical though at times her father had inflicted both. Being the youngest she had suffered most and now the cracks were beginning to show. A failed suicide attempt, the end of a marriage and a love turned to obsession combine to create a story of ghostly watchers, nightmare monsters and an elusive Dr. with a hidden agenda.
