If the translator has succeeded in giving a faithful version, he ventures to expect that the opinion of the public at large will confirm the idea of the merits of this work which first induced him to attempt a translation for his own improvement, and which, he has the satisfaction of knowing, is concurred in by eminent scholars in this country. But even such alterations as this have been avoided throughout the remainder of the work. Additions and corrections furnished by the author himself have been embodied in the translation, which will claim, in this respect, a preference over the present German edition.
