

## Personalized Learning: Student-Designed Pathways to High School Graduation

By John H. Clarke

SAGE Publications Inc. Paperback. Book Condition: new. BRAND NEW, Personalized Learning: Student-Designed Pathways to High School Graduation, John H. Clarke, Personalised Learning proposes a wholly different approach to high school learning than the image most of us carry in our minds from our own experience in grades 9-12, and any further experience we have gained as professionals. As fairly level trend lines in standardized test scores continue to show, the accountability movement is not accomplishing its purposes - but no applicable models have emerged for whole-school change. This book explains why becoming an adult in a technological society demands a new vision, a reliable process for personalizing learning in high school and compelling examples of students who successfully design their own pathway to graduation. It also shows that high standards make a sound foundation for learning based on individual interests, talents and aspirations. Personalization does not replace current practice; it simply adds enormous resources beyond the school walls and puts all in the hands of parents, advisor/teachers and students with their distinctive interests. This book explains the basis principles and ideas that lie behind personalized high school learning, but it does so largely through the voices of Pathways students at...
